

Worker Health and Safety 1800 hotlines

Take the three steps

BBFE

(Blood, Body Fluid Exposure)

1. Notify manager/supervisor of BBFE immediately.
2. During office hours, the SALHN Clinical Worker Health Service Nurse can be contacted on **8204 5183** or pager **5566** to report BBFE. Outside of these hours contact your site After Hours Coordinator below for immediate risk assessment and management:
 - > Flinders Medical Centre: **8204 4923** or pager **3726**
 - > Repatriation General Hospital: pager **3700**
 - > Noarlunga Hospital: **0401 124 772**
3. Follow Work Health and Safety (WHS) incident reporting on the **Safety Learning System**.

Workplace injury

1800 702 264

1. Notify manager/supervisor of injury immediately.
2. Call **1800 702 264** during the same day, same shift.
 - > Does not mean a claim is required
 - > Leave a message if needed
 - > Referral for services, if required.
3. Follow Work Health and Safety (WHS) incident reporting on the **Safety Learning System**.
