

About Us

The Southern Adelaide Local Health Network – Education and Training website is managed by the Centre of Nursing & Midwifery Education & Research located at Flinders Medical Centre.

Currently there are over 22,000 users on our website. www.saheducation.com

The website is shared with our partner organisations:

Country Health LHN and the Drug & Alcohol Service of SA

The website has been designed to:

- deliver shared courses such as National Standards and Mandatory Training
- record staff compliance with meeting the above courses
- deliver specific courses both online and blended for any group within the partner organisations
- provide communication opportunities for staff within areas of practice
